APPENDIX 2 – SCHEDULE OF RECCE AND REGULATIONS

2.1 SCHEDULE OF RECCE

ORB ; ORC	SS name	5 August 2023 [Saturday]	
GY / SS		start	finish
1;4	Kislód	09:00	18:00
2;5,7	Kislótér	09:00	18:00
3;6	Hegyesd	09:00	18:00

Beginning of reconnaissance: according to chart below and regulations

Warning! After the finish time of recce at above mentioned SSs, barriers at the forestry areas are to be closed. For this very reason, crews must leave such areas in time.

Crews taking over Road Book and passing the administrative check are obliged to pass each SSs at least one time. Infringement of such rules is penalized with exclusion.

During the reconnaissance the allowed speed limit must be obeyed (in public roads: 90 km/h, within settlements 50 km/h), which is to be checked via GPS together with the number of passages.

During reconnaissance at the above mentioned stages **number of passages are restricted to 4 occasions.**

Exception for Hegyesd (SS3, SS6), where only 3 passages are allowed.

2.2 SPECIAL AND NATIONAL REGULATIONS

Entered competitors must accept that reconnaissance **is not a test**. Highway Code must be kept and other civil driver's safety and rights must be considered.

a) Direction and number of passages

Stages given in point 2.1 are not open to civil traffic, they are part of forestry roads. They can be visited only in the given period of time and a maximum of **4 passages (SS Hegyesd/SS3, 6 max 3 times)** are allowed regarding the direction of Road Book. During reconnaissance, after entering the stage, it is forbidden to turn back and drive opposite to direction given in Road Book and passing certain sections more times than allowed.

At the end and in the middle of stages, given in point 2.1, MNASZ marshals are to work during the time of recce. They are recording data including the followings:

- Time of entering and start number,
- Time of passing in mid points and start number,
- Time of leaving stages and start number,
- Operation of GPS device.

b) During recce stages are not closed, so civil drivers must be expected to, together with agricultural vehicles.

c) In stages, which are not open to public or civil roads and no other limits are signed either, the maximum speed limit is set at **60 km/h** during recce.

d) Chapter 1, RVSZ 2023: 17. OBEYING HIGHWAY CODE:

Amendment for points 34.2.2, 34.2.5., and 34.3.4 to FIA Regional Rally Championship Rules:

- Prohibited recce is to be checked by the members of the organizing committee, MNASZ marshals, employees and members of forestries of affected areas, which records infringements and informs the Clerk of the Course or the Stewards.
- RSB can controll illegal activities independent from organizer and can set penalties.
- Those competitors violating Highway Code, restrictions signed in private roads, Rally Event Regulations and rules of present Supplementary Regulations will be time- penalized up to the exclusion from rally by the Clerk of Course or the Stewards'. RSB is obliged to be informed about such a decision.
- Penalties in case of other infringements and speeding: 16. RECONNAISSANCE, Chapter 1 RVSZ 2023 and 17. OBEYING HIGHWAY CODE RULES, Chapter 1 RVSZ 2023

Only street cars are allowed to be used during reconnaissance. It is forbidden to drive the entered rally car during the reconnaissance. A maximum of two persons are allowed to be present in the recce car: entered driver + 1 person.

- **During recce the followings ARE ALLOWED to be used:**
 - four season or winter tyres with E sign
 - Tyres for vans wit C signs
 - All terrain tyres for PickUp cars only
 - any other tyres for street cars with E sign

Infringement of such rules may be penalised by the Stewards by up to the withdrawal of start permssion and RSB must be informed about it.

Max. fine: HUF 250.000

- During the reconnaissance, stages are closed for public (sections, which are not for civil traffic). In these section, no team members (team manager, engineer, mechanic, guest, etc...) can enter SSs during recce. Violating such rules is considered to be the infringement of recce regulations.

2.3 INSTALLATION AND USE OF GPS DEVICES

It is compulsory to install a GPS/speed controll device in each car for all entrants of the rally during time of reconnaissance and rally.

- GPS device is issued together with the Road Book.
- Manual of the GPS device can be found in Appendix 7.
- Participants are obliged to use and operate the GPS device during the reconnaissance, as well.
- Detailed description of GPS device operation, evaluation method and determination of speeding can be found in Appendix 6 of RVSZ 2023.

APPENDIX 3 – SERVICE PARK AND REFUEL ZONE

APPENDIX 7- GPS SYSTEM

7.1 SAFETY TRACKING SYSTEM

MNASZ RSB orders all entrants the use and operation of GPS system at **Veszprém Rallye**. Use and operation of GPS devices according to rules is compulsory during the entire time of rally and reconnaissance. GPS devices are issued together with the Road Books.

- GPS devices must be placed behind the seats in the rally car at the height of the windscreens (not on the floor). At the end of the rally or when giving up race, GPS devices must be returned to the Rally Office as soon as possible.
- Installation and proper use of GPS devices will be checked **in case of each competitor** at TC0 (Service OUT) on 6 August 2023.
- By signing entry form, drivers contribute and agree that the operator of the GPS system is allowed to provide organizer, rally officers and RSB with their data.

Further regulations: RVSZ Appendix 8: GPS System

7.2 INSTALLATION OF SAFETY TRACKING SYSTEM (GPS)

Installation and proper use of GPS devices will be checked at TC0 (Service OUT).

a.) GPS unit and parts (installation kit)

GPS unit, velcro fixings, 12V cigarette lighter power wire, SOS panel connecting wire (which ensures 12V power in the rally car and connection of SOS panel to GPS device during the rally).

b.) Installation of speed control device in rally car

Rally cars must be equipped with a 12 V power wire directly connected after the battery switch on the right at column B so as having a 5A fuse. Installation in the rally car is done by the velcro fixings to the right column B by wiring the cable on SOS panel to GPS device with the 15-leg connection and 12 V power wire.

Installation and proper use of GPS devices will be checked at TC0 (Service OUT) on 23 July 2022, Saturday.

c.) Operation of Safety Emergency Console (SOS panel) and use of GPS device during rally:

SOS panel must be placed in the rally car so as it could be reached by both competitors with fastened seat belts. It is advised to place them between the two seats on the floor or on the top of the cabin inside. In case SOS is needed (help is needed) only the switch under the red cover must be used (click it to other position) and the device starts sending SOS to HQs. SOS can be stopped by closing the red cover.

d.) Returning GPS units and parts

At the end of the rally or when giving up race, competitors must return the GPS units and its parts to the operator of the system at HQs or at the end of the rally at the exit of Parc Fermé.

APPENDIX 8 - FURTHER

Participants of the rally, including competitors, officials, media representatives and spectators of the event (it means everybody) contribute that photo and video record may be taken of them. Competitors allow that their names, data, results may be published in reports and result lists.
